

The Chart below is intended for quick reference only and is not intended to replace Idaho Statutes or Rules of the Board of Drinking Water and Wastewater Professionals. For the official current statutes and rules of the board please go to the Board's website at www.ibol.idaho.gov/www.htm

WASTEWATER - TREATMENT

Type	Education	Experience	Responsible Charge	Substituting Experience for Post H.S. Education	Substituting Education for Operating and Responsible Charge Experience
OIT	High School /GED Pass a class I test		Under direct supervision of licensed operator	N/A	N/A
Lagoon	High school diploma/GED	12 months supervised experience 1600 Hours	-	N/A	N/A
I	High school diploma/GED	1 year @ class I or higher facility	-	N/A	N/A
II	High school diploma/GED	3 years @ class I or higher facility	-	N/A	Max 1-1/2 yrs of post High sch. educ in Env Control, eng. or related science for 1-1/2 yrs experience
III	High school diploma/GED + 2 years post high sch	4 years @ class II or higher facility	2 years	Additional 2 years responsible charge for 1 year post high sch	Max 2 yrs of post High sch. educ in Env Control, eng. or related science for 2 yrs experience + 1 yr responsible charge experience
IV	High school diploma/GED + 4 years post high sch	4 years @ class III or higher facility	2 years	Additional 2 years responsible charge for 1 year post high sch	Max 2 yrs of post High sch. educ in Env Control, eng. or related science for 2 yrs experience + 1 yr responsible charge experience
Land App.	High school diploma/GED	6 months hands-on experience — wastewater land application	The wastewater land application operator that is a responsible charge or the substitute responsible charge operator must hold a wastewater treatment license class equal to or greater than the classification of the wastewater system. The wastewater treatment license must be maintained while holding a land application license.		N/A

WASTEWATER - COLLECTION

Type	Education	Experience	Responsible Charge	Substituting Experience for Post H.S. Education	Substituting Education for Operating and Responsible Charge Experience
OIT	High School /GED Pass a class I test		Under direct supervision of licensed operator	N/A	N/A
I	High school diploma/GED	1 year @ class I or higher facility	-	N/A	N/A
II	High school diploma/GED	3 years @ class I or higher facility	-	N/A	Max 1-1/2 yrs of post High sch. educ in Env Control, eng. or related science for 1-1/2 yrs experience
III	High school diploma/GED + 2 years post high sch	4 years @ class I or higher facility	2 years	Additional 2 years responsible charge for 1 year post high sch	Max 2 yrs of post High sch. educ in Env Control, eng. or related science for 2 yrs experience + 1 yr responsible charge experience
IV	High school diploma/GED + 4 years post high sch	4 years @ class I or higher facility	2 years	Additional 2 years responsible charge for 1 year post high sch	Max 2 yrs of post High sch. educ in Env Control, eng. or related science for 2 yrs experience + 1 yr responsible charge experience

45 CEU = 1 year post high school. It could take an operator 10 years to become a Class IV with no post high school education and in responsible charge for 6 of those years.

WASTEWATER LABORATORY ANALYST

Type	Education	Experience	Responsible Charge	Substituting Experience for Post H.S. Education	Substituting Education for Operating and Responsible Charge Experience
OIT	N/A	N/A	N/A	N/A	N/A
I	High school diploma/GED	1 year @ class I or higher facility	-	N/A	N/A
II	High school diploma/GED	3 years @ class I or higher facility	-	N/A	Max 1-1/2 yrs of post High sch. educ in Env Control, eng. or related science for 1-1/2 yrs experience
III	High school diploma/GED + 2 years post high sch	4 years @ class II or higher facility		N/A	Max 2 yrs of post High sch. educ in Env Control, eng. or related science for 2 yrs experience + 1 yr responsible charge experience
IV	High school diploma/GED + 4 years post high sch	4 years @ class III or higher facility	2 years	Additional 2 years responsible charge for 1 year post high sch	Max 2 yrs of post High sch. educ in Env Control, eng. or related science for 2 yrs experience + 1 yr responsible charge experience

Substitution

Education for Experience

You can substitute up to 50% of all stated experience for Class II, III and IV if the operating experience and responsible charge time has been met. If education is substituted, it can't be used for the education requirement too.

- 1 year of post high school = 1 year of operating experience (up to 50% of the required operating and responsible charge)
- For Class II, a maximum of 1.5 years of acceptable education can be substituted for 1.5 years of operating experience.
- For Class III and IV, a maximum of two years of post high school may be substituted for two years of operating experience; however, 1 year of responsible charge is required.

Experience for Education

One (1) year of operating experience may be substituted for two (2) years of grade school or one (1) year of high school with no limitation.

For Class III and IV, additional responsible charge experience (that exceeding the two (2) year class requirements) may be substituted for post high school education on a two (2) for one (1) basis: Two (2) years additional responsible charge = one (1) year post high school education.

Experience for Experience

Related experience may be substituted for experience up to one-half (1/2) of the operating experience requirement for Class II, III and IV. Experience that may be substituted includes but is not limited to other following:

- a. Experience as an environmental or operations consultant
- b. Experience in an environmental or engineering branch of federal, state, county, or local government
- c. Experience as a wastewater collection system operator
- d. Experience as a wastewater treatment plant operator
- e. Experience as a water distribution system operator and/or manager

Fees for testing, renewals

01. Application Fee -- twenty-five dollars (\$25). (3-24-05)
02. Examination Fee -- The examination fees shall be those fees charged by the Association of Boards of Certification (ABC) or other approved examination provider. (3-24-05)
